[1] Body and beats, I stain my sheets, I don't even know why

[2] A 16-year-old boy positions the standing mirror so he can watch himself masturbate while lying on the bed. He desires to watch himself cum but closes his eyes in orgasm. The sexual energy reflecting off the mirror overwhelms him. The old mirror was all joy now, / proud to have embraced / total beauty for a few moments. Mirrors multy reflecting this / Between spunk stained sheet / And odourous whim. What you want is pornography—looking at yourself in mirrors, watching your naked animal actions in mirrors, so that you can have it all in your consciousness, make it all mental.

[3] How difficult it is for men to stand together in our brokenness.

[4] "Milk is for the pussy, isn't it?" said Simone. "Do you dare me to sit in the saucer?"
With her eyes fixed on me, she sat down. Her 'pink and dark' flesh cooled in the milk. She stood up, and the milk dripped down her thighs to the stockings.

[5] The walls don't move, don't change. Does it make you feel ashamed?
No dreams, no curse, could we make things even worse?
Don't mean it's right but it makes you see the light.

[6] Say nine words and fuck the whole piece together.

Mom[7]	*37,584*
Massage	*38,370*

[7] For twenty years, I thought the Romeo Void lyric "I might like you better / If we slept together" was "Oh, Mother, it'd be better / If we slept together."

Maybe you're just like my mother / She's never satisfied

Oh my my my my my mo my mother
I love to love you, love
Here in your bed, ounce for ounce

You taunt, you tease me, mama / But I never, never, never can keep away.

Frank Booth pleads, "Mommy, Baby wants to fuck."

My girlfriends' moms' sexuality sizzled in my body. Hell, my mom's sexuality made me want anything but to pluck out my eyes.

My mother, you look at me. "Son, you got a long road ahead. And don't forget these words I said. And don't forget what your name is. You know what the game is."
"Mother is the death."

She parts her two flaps, tucks the mattress through the opening, closes them.
The child lies down on his mother's body and kisses her.
Puts a hand over her mouth to stop her love.
The mother doesn't cry—a corpse.
Mother is all innocence.
Silence.
Mother lowers her eyes. And is still.
A night person.

[8] All of the love and all the ecstasy of the Great Masturbator resided in the horror of his flesh – triumphant, rotting, stiff, bloated, well-stroked, hard, exquisite, downcast, marconized, beaten, lapidated, devoured, ornamented, punished – resembling his mother.

Occupational hazard of writing *Pleasure Objects*.

[9] She devours [his cock] mentally, feeds on it, eats her fill. With the crime, the transgression, in her mouth, all she can let herself do is lead it, guide it to pleasure, teeth at the ready. She uses her hands to help it come and come again.

[10] Just because a woman is over 50 does not mean she no longer has anything to offer. If anything, we have so much more to offer! We have lived life, we get better with age. I do my best work now in my 60s. Sure, I could retire; but what would I do? Play Bingo? I think not!

[11] He rejects the reductive argument that swooning over his girlfriends' mothers is nothing more than the uncontrollable greedy and destructive phantasies and impulses against his mother's breasts.

[12] The only time I feel good about my life. Big hands, I know you're the one. It's not sad if it is your choice.

[13] The young man used to pocket women's dirty panties from their laundry baskets and secret them back to his apartment. Once alone, he'd wrap them around his face and masturbate while inhaling their scent.

[14] Painful ponyboy training: where women are always on top. Men stripped naked while women laugh. Devastating beauty demands devotion. Fierce femme fatales fuck gutless gimpboys.

[15] I have no light.
My hitting is not working.
My man door is not closing.

[16] When Osama bin Laden was killed in Abbottabad, Pakistan, Navy SEALs found an extensive porn collection at his compound. U.S. officials familiar with evidence gathered during investigations of other Islamic militants said the discovery of pornography is not uncommon in such cases.

[17] Her senseless eyes gazed into the shutter of the camera.
She had her mother's eyes but her father's stare.
It's easy to deceive
It's easy to tease
But hard to get release.

[18] Vice is…the love of failure.

[19] If a man is writing about sex he's a hero, but if a woman is writing about sex she's a whore. If a woman writes about pornography, she's a feminist. But, if a man writes about pornography, he's a pervert.

[20] Meet Gracie. I'm giving a little party for her. You must come. I'm sure you will be great friends. She spits blood. "Do you reely like me, mister?" Who would have accepted an apparent hate and known it to be love?

[23] The coast of Finland formed out of the birth throes of Ilmatar, the Virgin of the Air.

[24] The horror of being unknown far outweighed the horror of a night in prison.

[T]he mind creates the finite. // All punishes him. I stumble over these stories— / Progeny, the possibility of progeny, continuity // Or love that tempted him //He is punished by place, by scene, by all that holds all he has found // All this is reportage.
